Uttermost Evangelism

VOLUME 2, ISSUE 2

MARCH/APRIL 2013

God Moves in Haiti

In March our family traveled to Haiti, the poorest country in the western hemisphere, to conduct an evangelistic crusade. Global Outreach Haiti sponsored the crusade and provided personal, material, and monetary support. Prior to our arrival, Global missionaries drilled two fresh-water wells in the area where we conducted the crusade services. The water wells met a real physical need in the community and demonstrated the love of Jesus Christ in a tangible way. As a result, the Haitian community was more open to receive the message of

the gospel of Jesus Christ. We conducted ten nightly services in three different locations. The crusade team arrived every evening about two hours before the services to set up, pray, distribute tracts, and invite people to the crusade. During the crusade, 371 people came forward publicly and prayed to receive Jesus Christ as their Savior. Trained

counselors talked and prayed with every person who came forward. Christian literature was distributed to the people who were saved and their names were registered so that local churches can do follow up. The area where we conducted the crusade is called Canaan. Prior to the earthquake that devastated Haiti three years ago, there were no people living in the Canaan area. Thousands of homeless families have moved into the area and built small makeshift homes. It was exciting to bring the message of hope and salvation to people trying to recover from great tragedy. Thank you for helping us sow the seeds of the gospel in Haiti.

Partnering with Local Churches

Uttermost Evangelism is partnering with churches in the United States and around the world to evangelize the lost. In Haiti, we partnered with Titanyen Baptist Church and several other mission churches near the crusade sites. The local Haitian

churches provided translators, prayer teams, outreach teams, logistical support, and

counselors for the crusades. By partnering with indigenous churches, the people reached through our evangelistic outreach can be encouraged and disciplined by local Christians. It is our desire that the local church be involved at every level of our evangelistic outreach through Uttermost Evangelism.

Introducing Uttermost Evangelism On Facebook

Revival in Romania

In February, I traveled to Romania to conduct three church revivals, two of which were in churches that we planted while serving as missionaries in Romania. The other revival was in a church in which I had never ministered before. It was a joy to worship with Romanian believers. The Lord spoke in a powerful way through His Word and the churches experienced true revival. I was also able to spend time encouraging Romanian pastors and their families. Eastern Europe is an extremely difficult place to serve the Lord, and it was an honor for me to strengthen the Romanian

Christians through the preaching and teaching of God's word. The Romanian pastors and I spent time strategizing about how we can partner to reach people for Jesus

Christ. We made specific plans for reaching out to children this summer through Vacation Bible Schools. Uttermost Evangelism was able to contribute money for

the renovation of children's Sunday school rooms as well as the addition of needed children's educational space. Our prayer is that the renovation will be done by late June when we arrive with mission teams to do Vacation Bible School. We also visited some gypsy villages that have no evangelical witness or church. Uttermost Evangelism plans to partner with local Romanian churches to begin evangelizing these gypsy villages with the long-term goal of planting churches among these unreached people. Your faithful prayers and financial support are helping us reach the people of Romania for Jesus Christ. Thank you for partnering with Uttermost Evangelism.
