

## Crusades in the Islamic Republic of Pakistan

For more than five years, Uttermost Evangelism has been praying, planning, and preparing for an evangelistic outreach to Pakistan. We are excited to report that Brian has just returned from conducting three evangelistic crusades in Karachi, Pakistan. Two of the crusades were held indoors in large banquet halls with around 2,000 people present for each crusade. A third crusade was held in an open air setting with around 3,000 people in attendance. Hundreds of men and women made a public decision to receive Jesus Christ as their Lord and Savior. Uttermost Evangelism partnered with Shine Star TV and many local Christian churches. Shine Star TV is a Pakistani based Christian television station that is effectively reaching the people of Pakistan with the Gospel. All of the crusade services were filmed and will be broadcast on Shine Star TV on multiple occasions over the next few months. Brian also preached and recorded several sermons in the Shine Star studio to be broadcast over the coming weeks. These sermons have the potential to be seen by millions of people in Pakistan.

## Training Pastors and Church Leaders in Pakistan

During our evangelistic outreach to Pakistan, Uttermost Evangelism conducted a conference for over 200 pastors and church leaders. The participants were from numerous protestant denominations and churches from the city of Karachi. Karachi is the largest city in Pakistan and the seventh largest city in the world with a population of over 23 million people. Over 97% of the population of Karachi and Pakistan at large is Muslim. This strong Islamic presence makes it very difficult for Christians and Christian churches to practice and share their faith. It was a joy and honor to encourage and train our Pakistani brothers and sisters in Christ. The leadership conference also helped us build valuable relationships with churches and church leaders that can partner with us in our future ministry and outreaches in Pakistan. Thank you for partnering with us to take

the love of Jesus Christ and the power of the Gospel to one of the most spiritually needy countries in the world.

## Salvation Book in Haitian Creole

The Lord has allowed us to translate our *Salvation* book into Haitian Creole. We want to thank our missionary friends, David and Judy Heady, for their financial and logistical help in making this project possible. The *Salvation* book is now available in English, Romanian, Portuguese, and Haitian Creole. Thousands of these books will be distributed free of charge around the world this year to reach people with the Gospel.
