08:00 AM

**ONLY ON SHINE STAR TELEVISION**  
The First HD Christian Youth channel in  
Pakistan

## Partnering with ShineStar TV in Pakistan

In the spring of this year, we conducted three evangelistic crusades and a pastors' conference in Karachi, Pakistan, where we partnered with Pastor Asher Mansha and his Christian television station, ShineStar TV. All of the services I preached in Pakistan were recorded and have been aired numerous times over the past few months on ShineStar TV. We also made use of the ShineStar TV studios to record several more sermons that have also been airing over the past few months. Having been invited by Pastor Asher to partner with ShineStar TV, we were excited to sign a partnership agreement in August which has resulted in our having an evangelistic preaching program which is airing three times a day. ShineStar TV covers all of Karachi, Pakistan, which has a population of over 23 million people. The network is also expanding to other cities in Pakistan and, as a result, our outreach will continue to grow over the next year. The program is 30 minutes in length and features me preaching an evangelistic sermon in English which Pastor Asher is translating into Urdu, the most commonly spoken language in Pakistan. This broadcast has the potential to reach millions of Muslims with the saving Gospel of Jesus Christ.

## Mission Conference in Brazil

In September I had an opportunity to be the keynote speaker at a mission conference in Brazil attended by members of Brazilian churches, pastors, seminary students, and Brazilian missionaries serving in numerous countries. I was able to challenge these Brazilian church members and church leaders in the areas of missions and evangelism. The Lord has allowed us to build many good ministry partnerships in Brazil that will aid in future ministry there. Two Brazilian seminaries have given Uttermost Evangelism an open invitation to help train their students in missions and evangelism. Many Brazilian churches and pastors want to

partner with us to do evangelistic crusades in their towns and ministry areas. During this ministry trip, I also conducted evangelistic services in several churches at which many people were saved. In November I will be traveling back to Brazil to conduct seven open-air evangelistic crusades in seven different cities in Brazil. Many of the churches, pastors, and seminary students I trained in September will be joining us during that time to help make the crusades a success. Brazil has become a strategic hub for our ministry in South America, and we have many future evangelistic ministry events planned for Brazil and the neighboring countries.
