

Crusade in Magu, Tanzania

As I write this update, I am in Tanzania preaching the Gospel. Despite difficult travel requirements and restrictions because of the COVID-19 pandemic, the Lord allowed us to overcome every obstacle. My crusade team got our equipment across the border literally the very day Uganda instituted a new country-wide lockdown. The first crusade of this mission was held in Magu, Tanzania, a small town located near the Serengeti National Game Park. There were no adequate lodging accommodations, so I had to commute an hour and twenty minutes each way every day. The local pastors of over twenty-five churches, representing many denominations, did a great job promoting and supporting the crusade. During the four nights 1,070 youth and adults publicly surrendered their lives to Jesus Christ as Lord and Savior. Through your prayers and sacrificial support of Uttermost, you played a vital role in reaching this town with the Gospel. Thank you for partnering with us, and making the Great Commission a priority.

Mission Partners join Bariadi Crusade

On June 17th, the day our second crusade started in Bariadi, Tanzania, I picked up Brian Sansing, Jimmy Flake, and Mark Gregory, who came to support our outreach from Green Valley Baptist church in Pontotoc, Mississippi. The mission team conducted a pastor and church leader seminar on 1 Peter during the mornings. The attendees gave testimony about how much they were blessed by the teaching. The mission team also led our first children's evangelistic VBS since the COVID-19 pandemic began. Around 300 children participated and many prayed to receive Christ. During the four day crusade, 513 souls came forward publicly and accepted Jesus Christ as their Savior. The chairman of the pastors' association told us the largest tribe in their area of the country is 96% pagan. We pray the new

believers from the crusade will be a spark that ignites a spiritual revival among these people.

Evangelistic VBS

After almost two years without being able to conduct an evangelistic VBS, it was wonderful to welcome the children back to our crusade ground. Around 300 children in Bariadi, Tanzania, learned Christian songs, listened to Bible stories, and colored biblical scenes on color sheets that had the plan of salvation on the back in the Swahili language. The children always take these home and display them, providing a wonderful witness to their families.
