July/August 2026

Great Crusade in Return to Kotoro

In August the Lord allowed me to return to Kotoro, Tanzania, for another crusade. Kotoro is one of the few cities in Tanzania in which we have done more than one crusade. We have done so because the population in Kotoro has grown substantially over the past few years because of the gold industry. Our Tanzania crusade coordinator lives there, and he pastors a growing and thriving church in the town. Uttermost Evangelism has been privileged to build a strong partnership with Pastor Vincent and his congregation over the last 8 years. The church family has allowed him the freedom and time away from the church to plan and coordinate our crusades across the country. Uttermost has also invested in training the church leaders and members in God's Word and contributed to the construction of a new larger building for the growing congregation. During the most recent crusade, 632 youth and adults gave their lives publicly to Jesus Christ as Lord and Savior. On Sunday, the last day of the series of meetings, I preached during the morning worship service, and we sponsored a big dinner on the grounds after church to thank the church members and celebrate with them. During the morning worship service, 32 adults, who had made professions of faith during the first three nights of the crusade, joined the church.

Crusade in Karagwe, Tanzania

Karagwe is a town in Tanzania in the district of Karagwe which borders the country of Rwanda. Our Tanzania crusade coordinator, Pastor Vincent, lived and pastored in Karagwe before moving ten years ago to the town and church he currently pastors. He has desired for Uttermost to conduct a crusade in this town since he joined our crusade team. However, it has taken a long time for the timing to work out for us to visit this area of the country. Pastor Vincent's former church and almost every Protestant church in the town partnered with us to help sponsor, plan, and carry out the crusade. It was well attended and 980 people accepted Jesus Christ as Savior. Even some Rwandans attended the crusade since this district in Tanzania borders Rwanda. The government in Rwanda has persecuted the Christian church and closed over 8,000 congregations throughout that country over the last few years. The Rwandans who attended the crusade were so excited to be a part of public worship and be able to hear the preaching of God's Word.

Prayer Request

As we were preparing this newsletter to print, we received word that Pastor Deo (mentioned in article below) had an urgent prayer request. His youngest daughter, Gabby, was burned badly with hot boiling water. The burns are mostly across her back. Please remember this precious family who are ministry team partners as we work together to help Gabby in her healing process.

Purchased Outreach Equipment

We recently received a request from Pastor Deo, one of our longtime crusade team members in Uganda who does weekly evangelistic outreaches in public markets in towns in Uganda. He asked us to purchase a new generator and portable sound system he could use to preach the Gospel in open-air settings. Because of your generous financial gifts to Uttermost Evangelism, we were able to meet this need. Pastor Deo is already using the equipment to preach the Gospel.
